Monday, 23 March 2009.

Dear Mr. Wilfredo S Saurin,

RE: PPP FOR INDONESIA – AU 750,000 MT.

We are offering to purchase the Total quantity of AU in Indonesia under the G7 GLOBAL HUMANITARIAN AND INFRASTRUCTURE PROGRAM.

The Au remains in the country (Indonesia) during the Trade, the Title remains with the Seller (Indonesia) for the full duration of the Trade Program.

Payment in cash for the first 30MT (Approx USD736 MILLION) will be released in 10 days, thereafter payment every 7 days.

Net returns to the seller is 400 to 500% (United States Tax Paid) per 42 weeks, which is approximately USD90T total for 42 weeks (1 Trading Year) Rolls and extensions are expected 3-5 yrs for 750,000 MT.

Weekly returns could be as high as USD2T per week if all the Gold bullion (750MT) were committed in one single SWIFT T103 (Oz T). As we are beginning with 1000MT and slowly increasing the Gold Bullion/MT103 size, the Net returns will be much less. To indicate an exact figure per week is impossible to calculate.
